## FRAUD CABINET TO BE SELECTED

Daugherty's Plan of Prosecuting War Grifters

WILL PICK 25 ATTORNEYS

Awaits Congress Action on Two Measures

(BULLETIN)  
WASHINGTON—(United Press)—The house today provided Attorney General Daugherty with an appropriation of \$500,000 with which he is to prosecute war grifters and recover many millions of dollars for the government.  
The bill was passed with little opposition.

BY LAURENCE M. BENEDICT  
WASHINGTON—(United Press)—Assurance of quick enactment of two bills providing Attorney General Daugherty with money and machinery for prosecution of war grifters, was given by Republican leaders today as the house convened.

Daugherty is picking a "fraud cabinet" of lawyers to aid in the prosecutions.

One bill appropriates \$500,000 to the department of justice for employment of special investigators and counsel and the other creates a special grand jury in the District of Columbia.

DAUGHERTY'S PLANS

Daugherty told congress, in the recent message thru President Harding, that it is his plan to impeach the special grand jury immediately upon authority being granted and before it at once evidence of fraud in contracts which fell under jurisdiction of the court here.

Daugherty, back at his desk today after a vacation with the presidential party in New Jersey, was giving immediate attention to the task of forming his "fraud cabinet" which he said will consist of some of the best lawyers in the country. Daugherty's first move after the \$500,000 fund is given him by congress, will be to get in touch with the heads of national associations over the country and ask them to co-operate with him in getting eminent lawyers to give their services to the government in the graft cases at the \$10,000 a year maximum salary laid down in the house appropriation bill.

Twenty or twenty-five attorneys will be employed under present plans.

WILL APPOINT CHIEF

Daugherty indicated before the house appropriations committee that he intends to secure one attorney of national prominence to direct the entire work of prosecuting the fraud cases, under Daugherty's supervision. The \$500,000 appropriation bill allows the attorney general to go as high as he likes on a salary for the one man.

It was said at the department of justice today that former Congressman Roscoe C. McCulloch, of Canton, Ohio, appointed as special counsel in charge of investigation and prosecution of war camp frauds, already has his case "well in hand. McCulloch has been on the job for the past week. He is giving first attention to what is said to be Camp Sherman, Ohio and Camp Grant, Ill.

CAPITAL SPLIT ON DAYLIGHT PLAN

Two Time Schedules Now in Vogue at Washington

WASHINGTON—(Associated Press)—Washington today began an experiment in voluntary daylight saving.

The hands of the clock remained unchanged but under a request issued by President Harding, with approval of his cabinet, a large portion of the activities of the executive branch of the government got under way an hour earlier and most of the commercial establishments of the city opened their doors and called ahead of the regular schedule.

On the other hand, holding in its memory the storm stirred up by some quarters by its enactment of a daylight savings law several years ago, has refused to have anything to do with the new plan and will meet and adjourn as usual.

The supreme court has met at high noon and also will decline to follow the executive departments.

All portions of executive departments are united on the plan, two of the bureaus employing the largest number of workers—the largest printing and engraving, and the government printing office—stand up for the regular schedule while calls for the beginning of work at eight o'clock. This hour is the same time at which clerks of department report to work and street car handling saw great difficulty in time.

Suburban trains have arranged to meet the new schedule, but other trains of course will run as usual, and will hold to the old schedule.

TOLEDO WOMAN ROBBED OF DIAMONDS AND CASH

TOLEDO—Two armed negro highwaymen held up and robbed Mrs. Sarah Scholl of three diamond rings valued at \$950, a gold wedding ring and a hand-bag containing \$17, while she was returning to her home from a theatre last night, according to a police report today. The bandits escaped.

## HELP SOUGHT IN GENOA CRISIS

Washington Urged to Send Envoy to New Parley

RESULT OF FINAL COLLAPSE

Another Conference Called At The Hague, June 15

GENOA.—(United Press).—The political sub-commission of the Genoa conference today sent a reply to the latest Russian note, proposing that the Genoa parley adjourn until June 15, when delegations from the allies and Russians will meet at The Hague.

The United States has been formally invited to join in the conference, the Russians were informed.

The sub-commission's note to Russia was delivered by Foreign Minister Schanzer, of Italy. Schanzer told Tschitcherine that the latter's note, denouncing the proposal of the allied leaders at The Hague was based upon complete misunderstanding of the convention powers' intentions.

Schanzer assured Tschitcherine the allies have no intention of excluding Russia from deliberations at The Netherlands capital and that the soviet government will have complete equality.

He denied that the allied agreement prohibiting separate pacts with Russia previous to The Hague meeting prejudiced Russian sovereignty.

Events at Genoa now wait upon replies from Russia and the United States to the proposals for a conference at The Hague.

GENOA MEET FAILS

What the Genoa conference has failed to do—solve the Russian question—it is hoped to accomplish at another meeting if the United States will participate. A formal invitation to the new conference to be held at The Hague was handed to the American ambassador, Richard Washburn Child, last night and today all eyes were on Washington, for upon the question of American participation, the chance for an agreement with the Russians is believed to depend.

All the powers now represented here will be asked to send delegates to The Hague meeting, the date for which is tentatively set at June 15. Other details of the gathering are unsettled, but at the suggestion of Prime Minister Lloyd George of Great Britain, a non-aggression truce for four months, or until the new conference ends its labors has been approved informally.

The sub-commission on Russian affairs met today to vote on this and other features of the plan arrived at in the private conversations participated in by Mr. Lloyd George and the other representatives of the five inviting powers.

Inasmuch as the Russian question was the main topic up for settlement at Genoa, the failure of the present negotiations will bring the conference to a quick end and adjournment probably will be taken before the end of the present week.

The Hague conference would consist of two commissions of experts, one for the Russians and the other for the remaining powers participating at Genoa, but it is extremely doubtful whether the Russians will consent to the plan as it now stands.

U. S. RECEIVES NOTE

WASHINGTON.—(Associated Press).—A communication from American Ambassador Child reporting that the United States government had been invited to participate in the newly planned economic conference at The Hague was received today at the state department, but officials indicated that no immediate decision regarding it would be reached.

Until they had an opportunity to study the proposal in detail officials would make no comment regarding it. The general impression given by them was that the question probably would be discussed at tomorrow's cabinet meeting and that some action might follow.

At the state department particular pains were taken to emphasize that the invitation was a complete surprise here, officials declaring that the Washington government not only had not suggested it, but was completely uninformed regarding the plan until today.

The communication from Ambassador Child was said to be only an advance summary of the official text of the invitation. It was understood that various details regarding the circumstances which led up to the move still were to come, and that the department would take no step until it was fully advised.

In their references to The Hague conference, officials would not indicate in what degree they considered the case analogous to the Genoa negotiations into which the United States refused to enter. It was assumed that President Harding and his advisers would adopt a similar policy of non-participation should the new conference appear to be merely a reproduction of that at Genoa.

## CHILD LABOR LAW FAILS TO HOLD

Declared Unconstitutional by U. S. Supreme Court

DECIDED IN CAROLINA CASE

Invasion of State Rights Claimed by Act's Opponents

WASHINGTON.—(Associated Press).—The child-labor law was today held by the supreme court to be unconstitutional and not valid.

The decision of the court was rendered in a case brought by the government against the Drexel Furniture Company of North Carolina, and was one of three cases brought in that state testing the validity of the law and in all of which the United States district court decided against the government.

The law held unconstitutional today by the court was enacted after the supreme court had declared invalid an act of congress which excluded for interstate commerce products in the manufacture of which child labor had been used.

The law affected by today's decision was virtually the same except that it imposed an excise tax of ten per cent upon the annual net profits of establishments employing child labor.

Opponents of the law contended the new law was an unconstitutional invasion of the police powers of the states.

FILM STARS WED

Winifred Hudnut Becomes Bride of Rodolph Valentino

LOS ANGELES.—(Associated Press).—Rodolph Valentino, motion picture actor and Winifred Hudnut, dancer and motion picture art director, known professionally as Natacha Rambova, were married at Mexicali, Lower California, Saturday, according to dispatches from that border town, published here today. The bride is the daughter of Richard Hudnut, perfume manufacturer, of New York.

Valentino recently obtained an interlocutory decree of divorce from Jean Acker, screen-actress, but has not yet been granted the final decree required before remarriage by California laws.

BANDITS ROUTED

Kentucky Woman Rescues Her Daughters and Escorts

NEWPORT, Ky.—(United Press).—A mother, who rescued her two girls and their escorts from highwaymen after putting two masked bandits to flight, was the heroine of Bonnie Leslie, a suburb, today.

The robbers committed a series of bold holdups, binding and gagging their victims and throwing them into a field in turn. Three men had been robbed when Edna and Eleanor Planagan, escorted by Fred Teal and Ambros McLaughlin, came along. They were on their way home after a party. The robbers held them up and then ordered them to remain in the shadow of a bridge while their victims were awaited.

One of the girls began to scream. Mrs. Planagan recognized her daughter's voice and charged the robbers. They turned and fled.

PENNSYLVANIANS TO VOTE

Factions Battle for Nomination For Governor

PHILADELPHIA.—(Associated Press).—Final appeals to the Republican voters of Pennsylvania were made today by the opposing candidates for nomination at the statewide primary tomorrow. All political parties will select candidates to be voted for in November, but the Republicans alone have contests.

The most interesting fight is between Attorney General George E. Alter, and Gifford Pinchot, former state forestry commissioner, for the Republican gubernatorial nomination.

Pinchot's campaign managers predict that he will carry the state by 150,000 while Alter's managers predict a plurality of at least 200,000 for their candidate.

LINEUP OF FACTIONS

Alter has the support of Governor Sproul, the city organizations of Pittsburgh and Philadelphia and many of the regular Republican county leaders, while Pinchot is supported by leaders identified with the Progressive party in 1912 and 1914 and some regular Republican county leaders. The issues of the campaign have been along state lines.

Both candidates are pledged to enforce the prohibition laws.

Senator George Wharton Pepper of Philadelphia is opposed by Congressman-at-Large William J. Burke of Allegheny-co., for the unexpired term of the late Senator Penrose, running to March 1927. Pepper who was appointed by Governor Sproul to succeed Penrose until his successor was elected, has the support of the organization leaders, while Burke claims the support of organized labor and of many members of the American Legion.

David A. Reed of Pittsburgh, is the regular organization candidate for the unexpired term of the late Senator Knox and also for the full term beginning next March. He has the support of both the Alter and Pinchot camps.

Uniontown, Knox's successor by appointment of Governor Sproul, is not a candidate because of ill health.

BONUS AGAIN UP TO HARDING

Smoot Submits Compensation Plan to President

WASHINGTON.—(Associated Press).—President Harding, back in Washington after a week-end trip to New Jersey, plunged into consideration of the soldier bonus matter and early in the day had a lengthy conference with Senator Smoot, of Utah, Republican member of the senate finance committee.

Senator Smoot laid before the president his plan for issuance of the certificate feature of the bonus bill as passed by the house and informally approved by the finance committee majority. The Utah senator also presented to Mr. Harding an alternative plan for cash payment of the bonus, the funds to be raised by a sales tax.

The senator on leaving the White House declined to say whether the president, who plans soon to send his views in written form to finance committee Republicans, expressed his views on the proposals as outlined.

Senator Smoot said he would offer his insurance plan as a substitute for the certificate proposal and then if it failed he would propose a regular cash bonus to be raised by the imposition of a sales tax.

Vancouver, across the Columbia river, reported two shocks one at 1:27 and the second at 2:29.

FLEES SAMOAN ENGAGEMENT

CATHERINE KEPPIE, AMERICAN GIRL WHO SPURNED SAMOAN CHIEF

SAN FRANCISCO.—(Special).—For subtle courtship, girls, hand the trophy to his majesty the Samoan chief!

Miss Catherine Keppie, pretty California girl, who has just returned from Pago Pago, Samoa, knows.

She unwittingly became engaged to wed Chief Peilissier and only the sailing of a trans-Pacific liner broke the troth.

"I was accustomed to the rather straightforward, blunt methods of the American men," she explained in relating her experience here.

"And hence I was unprepared for what happened."

"When we visited Pago Pago, the chief invited myself and some shipmates to a party. I'll admit here, that in his peculiar fashion Chief Peilissier was a good scout."

"Upon the third meeting I went to his tribal hut and he called to a native to bring a coconut. This he broke formally and handed me half. Of course I drank the milk and he broke into a joyful laugh. Immediately he hung two strings of seeds around my neck."

"To my amazement I found that this was both a proposal and an engagement ceremony."

1,100 ACRES OF LAND PURCHASED FOR INSANE

COLUMBUS.—Purchase of 1,100 acres of land, comprising nine well improved farms near Grafton, Lorain-co., for use as a branch to the overcrowded Cleveland State Hospital for the Insane, was announced today by the department of public welfare.

The price averages \$155 an acre. Abstracts remain to be approved by the attorney general. Residences on the new site are in good condition and will serve immediately to relieve the Cleveland institution of some of its patients and provide room for additional ones, it was announced.

The department has under consideration two sites for a new institution for the feeble minded, one located at Twinsburg, Summit-co., and the other at Spencer, Medina-co.

Tram Car Derailed in Collision Near Mexico City

MEXICO CITY.—(Associated Press).—Thirteen persons were killed and more than 70 injured today when a tram carrying a holiday crowd was cut, pulled into a deep canyon near Santa Fe, a small village adjacent to the capital, after colliding with another car at the top of a hill. Most of the victims were women and children.

The car, filled with pleasure seekers on their way to De Los Leons, a popular resort near the capital, rushed head on into a city-bound car. The collision did little damage but the car sped backward down the incline, the brakes failing to hold. It left the rails at a sharp curve and was hurled into the gully.

Other persons who are held under \$1,000 bond, on charges of selling whiskey, are Edward Barjaga, residing near Leipsic; Carl Muntz, Ottawa; Lawrence Studer, residing near Ottawa; Bert Kniesly and Jerome Meyer, both of Ottawa.

Classed With Lynchers in Suppression of Liquor

CASE PUT UP TO MELLON

Charges Are Preferred by Republican Congressman

WASHINGTON.—(Associated Press).—Secretary Mellon was asked today by Representative Hill, Republican, Maryland, to order the removal from office of Prohibition Commissioner Haynes or whoever else in his office was responsible for recent press bulletins which Mr. Hill declared constituted "official approval of the application of lynch law in the suppression of liquor violations."

ARSON THREAT CHARGED

WASHINGTON.—(United Press).—Removal from office of Prohibition Commissioner Haynes, if investigation discloses that he approved a threat alleged to have been made in Pittsburg, Kas., to burn the home of a convicted liquor law violator was demanded by Representative Hill, Maryland, today.

In a letter to Secretary of the Treasury Mellon, Hill stated that, according to a press release from Haynes' office, Judge A. J. Curran, Pittsburg, Kas., told Charles Chausard, who pleaded guilty to violating the liquor law, he would order his home burned if any more violations were reported there.

BANDIT SLAIN IN TRAIN HOLDUP

Eight Gangsters Put to Flight by One Man

TUCSON, Ariz.—(Associated Press).—With two well-directed bullets, Express Messenger S. Stewart early today frustrated a spectacular attempt by eight masked bandits to rob Chicago, Rock Island and Pacific train, number three, the Golden States Limited, bound from Chicago to Los Angeles.

Stewart killed one of the robbers, apparently wounded a second and routed the band single-handed.

Passengers were not molested in the holdup which was staged at 1:10 a. m., in an isolated spot near James, a flag station, eight miles west of Tucson.

DYNAMITE FOUND

The slain bandit was recognized by Sheriff McDaniel of Pinal-co. as that of a Tucson pool room habitue. The man wore rubber gloves. Beside the body was found a sack of dynamite with which the bandits evidently intended to blow up strong boxes in the mail and baggage cars.

A fuse, a railroad stop signal, was used to halt the train. Three masked men boarded the engine and a fourth stood guard over the passenger coaches. With revolvers leveled they forced a tramp they discovered riding the "blind baggage" to assist them in uncoupling the mail and express cars.

OPENING OF BATTLE

The engineer, obeying orders of the armed trio, tolled the cars about a dozen car lengths to a point where four other masked men were waiting in an automobile. When Conductor Madigan looked out of the vestibule of a passenger coach to ascertain what had occurred, a member of the bandit gang opened fire. Meanwhile Stewart, the express messenger, had thrown open the door of the baggage car. When Stewart saw that Madigan was in danger, he killed with one shot the bandit who had fired at the conductor. Stewart then wheeled and sent another bullet at four robbers who were advancing on the baggage and mail cars. One, apparently hit, staggered and shouted to his comrades, "Then all seven turned and scurried to two automobiles and sped west."

BANDITS GET \$25,000

(CINCINNATI)—(Associated Press).—The police today had no clue to the identity of the six robbers who entered the H. and S. Fogue department store here last night, bound two watchmen, blew two safes, with six charges of nitroglycerine, took \$25,000 in cash and caused damage to safes and other property estimated at more than \$15,000. The police believe the cracksmen came from another city. Their work occupied three hours, and then they chatted three hours with the captive watchman.

One of the band gained admission to the store by knocking on a door and exhibiting to the watchman a letter. The latter, thinking it urgent, opened the door. He was seized, covered with a revolver, a coat was thrown over his head and he was bound to a chair with picture wire. When the second watchman arrived, one of the robbers opened the door. He suffered the same fate as his companion.

## HOMES FOUND FOR 35 CHILDREN

Report Made to Annual Meeting of Welfare Body

SIX MORE ARE NOW NEEDED

Afternoon Assembly Held—Banquet Tonight

Boarding mothers who open their homes to the little children who are under the care of the Child Welfare association were amazed at the scope of the work of the association, as contained in the report, read by Miss Eunice B. Trumbo, showing accomplishments of the year, at the annual meeting Monday afternoon at Memorial Hall.

It was the first time boarding mothers had been assembled together to learn of the real work of the association.

Boarding mothers are those who open their homes to these children heretofore of the love and care of a mother and for whom the Allen-co Child Welfare association cares.

MOTHER LOVE PARAMOUNT

"The desire to be a boarding mother is first prompted by her mother love and goodness of heart," Miss Trumbo said. "Maybe she has an aching void in her heart to have a little child in her home. Maybe she feels she might not be able to keep it always, but still she would like to have it for a certain time, and yet not assume responsibility of the child which adoption of something like that would necessitate."

"So she turns to the Child Welfare association and asks for the care of a little child."

"Usually, the love for the child becomes so great that the boarding mother outlives it and takes it about, much as her own. All homes are investigated and licensed where these children are sent. In few cases do the children come back soon. They fill the aching void in the life of the boarding mother and she keeps them as long as her health will permit of their care," Miss Trumbo said.

It was a happy assembly of women who met in Lima Monday and discussed the merits of each of their respective children.

More than 35 children are cared for by the Child Welfare association in this way. Some of them have no mother, death having robbed them of this friend; some have parents who are separated, others are children of divorced parents and the mothers place the children in charge of the association while they work to support them.

MORE HOMES NEEDED

"The child must not suffer and it is with this object in view and as our first thought that we go about this work," Miss Trumbo said.

The association is anxious to secure boarding homes at once, preferably in the country, for six bright boys and girls, more than 10 years of age, who are desirous of getting away from the city during the summer vacation.

Miss Trumbo will be glad to consult with any person who will extend the benefits of their home to these worthy children during the summer. She may be reached by calling telephone Main 6533 at headquarters of the association in Memorial Hall.

Dr. Josephine Peirce, 1084 W. Market-st., is president of the Allen-co Child Welfare association.

At the annual dinner of the Child Welfare association, which will be held Monday at 6 p. m. at the Barr hotel, Miss Trumbo's report, together with reports by Miss Charlotte Bassitt, rural nurse; Miss Anna Moore, and other workers, will be read.

The dinner is open to all persons interested in the work of child welfare. C. V. Williams, noted child welfare expert, will give an address.

IDENTIFY ROBBER

Dime Bank Employees Assert Stephenson Pulled Job Here

Pictures of Eddie Stephenson, Cleveland, killed in the gun battle at Canton between police and citizens, and a gang of bank holdups, were identified Monday by employees of the Lima Dime Savings bank.

The identification, Ira Wagner, president states, establishes without doubt that the dead bandit is the man who successfully held up and robbed the Lima Bank May 2.

Besides Stephenson's picture, pictures of the three others in the fight were sent here and are on display at the bank.

Partial identification was made a week ago by Miss Pauline Hurt, who went to Canton with Chief Lanker and viewed the body in the morgue.

The three other employees in the bank all agreed that the pictures sent here are of the man who pulled the Lima holdup.

C. V. WILLIAMS, CHICAGO MAN. ADDRESSES ROTARY ON CHILD WELFARE WORK

Elimination of the cause of child aid is more necessary than the administration of the aid, C. V. Williams, Chicago, head of the Illinois Children's Home and Aid society, told Rotarians at the Hotel Norval Monday noon.

Dr. Childers and parents should be kept together whenever possible. When they are once broken up it is practically impossible to bring them together again, Williams said.

Many times it is the home that needs a cure as much as the child does and if so, both can be treated at once without separating them from each other, he believes.

A program of better juvenile court probation service, more mothers' pensions and the use of children's homes for the renovating, physical and mental study of the child and the placing of the child in good homes was advocated by Williams.

Railroad officials representing the Nickel Plate and the L. E. & W. were guests of the Rotary Club and responded as their names were called.

A conference by the 10 Rotarians to aid in the Social Service campaign for \$10,000 was held immediately after the luncheon. The canvass by the Rotarians will be made immediately, it was announced.

Officials of Nickel Plate, New Owners, Visit Lima

GREETED BY CITY HEADS

Guests at Rotary Luncheon—Inspection Tour

Officials of the Nickel Plate Railroad, which recently purchased the control of the L. E. & W. from the Lake Shore Railroad, were in Lima Monday, inspecting the property here.

They were accompanied by the directing officials of the L. E. & W. In their inspection, industrial plants and large shippers were also being visited Monday afternoon.

Nickel Plate officials here are: J. J. Bennett, president; C. E. Denny, vice-president; W. A. Colston, secretary; A. R. Ayres, superintendent of motive power and B. E. Morgan, traffic manager.

L. E. & W. officials are: L. S. Emery, general manager; F. J. DeGrief, general superintendent; J. K. Connor, chief engineer and L. L. Hyde, general freight agent.

GREETED BY CITY HEADS

A special car brought the party in to Lima at 9:30 a. m. Monday. They were greeted at the L. E. & W. station by C. A. Bingham, city manager, Earl Rohn, Ellis Jones and John Harley, city commissioners.

At the offices on S. Main-st. the party were greeted by A. C. C. Jacob, George H. Metheny and J. Kenneth Johnson, representing the chamber of commerce.

Inspection of the railroad properties followed immediately. The shops were visited and a conference held with officials stationed in Lima. Needs for Lima were gone over, it is understood.

A committee from the chamber of commerce consisting of Charles H. Shappell, H. L. Breckenridge, M. K. Tate, Frank J. Banta, and Harry J. Anderson took the party to the Rotary club luncheon at the Hotel Norval.

After the luncheon they were taken by the committee to the various industrial plants and to visit the larger shippers in the city. Practically all the afternoon was thus occupied.

"We have decided on no changes or additions to the property here as yet, it will be necessary for us to look over the situation carefully and determine the needs before acting," President Bennett said.

WILL NOT CHANGE NAME

"The name of the L. E. & W. will not be changed, for a while at least. It may not be changed at all that will be decided later. This is merely an inspection tour to discover what we have," he said.

"While business is not booming on the railroads, it shows signs of becoming greater right along and we believe that within a few months conditions will be much changed," Bennett added.

Members of the party will remain in Lima Monday night and leave early Tuesday morning in their special car. They will continue their trip and in the city the matter of the overhead across the L. E. & W. tracks on the Wapakoneta-rd. may be taken up and an attempt made to obtain a settlement, C. A. Bingham, city manager, said.

A meeting with officials of the company has been arranged for May 22 and a decision is expected by that time, Bingham said.

PARTNERSHIPS MUST FILE INCOME TAX RETURNS NOT LATER THAN MONDAY NIGHT

Attention of partnerships was called to the fact that Monday is the last day for the filing of fiduciary and partnership income tax returns by J. C. Marsh, collector of internal revenue, Monday.

Many partnerships have failed to send in their returns and they face a heavy penalty if they do not do so Monday. Many have forgotten that the returns must be in by May 15, Marsh believes.

Marsh will be in his office in the postoffice building until 7:30 or 8 p. m. Monday, to receive returns should any partnerships wish to file.

There is some misunderstanding as to whether returns mailed before midnight Monday will be classed as filed on time or placed among the delinquents.

Tax payers had better file their returns with me in person Monday night and make sure that they will not be delinquent," Marsh warned.

BICYCLE AGAIN STOLEN

For the second time in two weeks, a child's bicycle belonging to Jo Smith, eight-year-old daughter of Dr. Frank Smith, 429 Nye-st., was stolen Monday, according to police. The wheel was recovered a few days after it was stolen the first time.

## SEEK TO REVERSE COLLINS VERDICT

Defendant's Attorneys Asks Jury Decree be Set Aside

DURESS, RESTRAINT HINTED

Motion Expected to be Argued On Tuesday

Initial step toward carrying the Collins will contest to higher courts was taken Monday, when a motion for judgment notwithstanding the verdict of the jury was filed in the common pleas court by counsel for Perry C. Collins.

If sustained, the motion would set aside the jury's verdict in favor of Dorothy Collins, of 418 S. Cole-st., and recognize the validity of the original will and codicil.

DURESS HINTED AT

The motion is filed on the ground that there is no evidence to show that Samuel Collins was of sound mind May 20, 1919, the date of execution of a second codicil, giving Dorothy Collins one-third of his property.

Perry Collins' attorneys further allege that there was nothing to prove that Samuel Collins was not under duress and restraint at the time of the execution of the purported codicil in the City National Bank.

There is evidence, it is averred, to show that Samuel Collins ordered the destruction of the codicil, with his knowledge and consent, because it was not what he wanted. The destruction in this manner, it is claimed, did not destroy the effect of the will.

The motion also states that there is undisputed evidence to show that when Samuel Collins executed the original will and first codicil that he was in sound mind, and was not under restraint.

The instrument, it is stated, represented his wishes, as to disposition of the estate.

MAY ASK NEW TRIAL

Motion for new trial may follow the filing of the motion to set aside the verdict of the jury. A hearing on both motions will probably be held Tuesday, the final date for filing.

Three days are allowed by law in which to perfect and file motion for new trial.

Should Judge Fred C. Becker overrule the motion, the defendant will have ample time in which to prepare an appeal.

Fight for the possession of one-half of the \$250,000 estate left by Samuel Collins will go on, it is indicated, until the highest courts have ruled in the matter.

## J. C. HARTLINE IS CHOSEN VICE PRESIDENT OF OHIO AUTOMOBILE ASSOCIATION

J. C. Hartline, president of the Lima Auto club, was elected Monday as fifth vice president of the State Automobile association, in session in Columbus. Fred H. Caley of Cleveland, is president. Other officers elected are as follows:

George H. Kile, Akron, first vice president; W. S. Thurston Jr., Toledo, second vice president; F. S. Ely, Mansfield, third vice president; Rev. Joseph H. Dodson, Zanesville, fourth vice president; Joseph Hartline, Lima, fifth vice president; J. I. Will, Columbus, treasurer; C. E. Williams, Piqua; Paul E. Ackerman, Dayton; John R. Bentley, Cleveland and J. X. Wadsworth of Warren, were elected trustees.

Joseph Kaufman was elected a member of the Ohio Good Roads board. The Lima Auto club has eight delegates present at the Columbus meeting.

## SUNDAY WAS "WET" DAY; SIX SLATED IN COURT

The Sabbath was a wet day, even the no rain fell, judging from the number of drunkenness cases chalked up on the police register. Six were slated in criminal court Monday, four pleaded guilty and were fined \$15 and bond in the other two cases was forfeited.

Jess Tullis, 28, of 205 E. Elm-st. and W. M. Kallen, No. 3 Rowlands Row, paid and were released. E. J. Felch, 50, of 270 Eurok-st. and J. J. O'Conner, Pindlay-st., forfeited bond. William Lynch, 57, Rowlands Row, and Charles Campbell, 24, Chicago, couldn't pay and were committed to jail.

## FRED WALTHER, GROCER, DIES MONDAY AFTERNOON FROM PNEUMONIA ATTACK

Frederick Walther, 58, grocer, 447 N. Main-st., died at his home, 447 1-2 N. Main-st., Monday at 1 p. m., following an illness of a week from pneumonia. For more than 30 years he had been engaged in the grocery business.

He was born in McKeesport, Pa., and was brought to Lima when a child. Since then he has resided here. Besides the widow, he is survived by two sons, William and Frederick, and a daughter, Irene Walther, all residing at the parental home.

Two brothers, Phillip Walther, secretary and treasurer of the Lima News Co., and Leonard Walther, Brice-av., and four sisters, Mrs. M. D. Bibling, Mrs. John W. Schnabel, Mrs. Phillip Runiger and Mrs. Jacob Hoffman, survive.

Funeral arrangements have not been completed.

## TAKEN TO TOLEDO

The federal grand jury at Toledo will investigate the cases of Lee Hollar and Frank Mangano, 1424 S. Union-st., arrested at their home two weeks ago on a charge of possessing a liquor still.

A deputy U. S. marshal arrived here Monday and took them to Toledo. They had been in the county jail about a week, having been transferred from city prison.

Circumstances connected with the finding of the still, Chief of Police T. A. Lanker said, removes it from local jurisdiction. Lanker termed it a "blank," or a still not in operation. No state law covers such cases, he says.

Under the federal law, Lanker said, it is required to have a permit to own a still. Hollar and Mangano did not possess a permit, according to the head of the police department.

The pair will be arraigned before Federal Judge John M. Kilgus early this week.

## MINISTERS OF CITY PLAN OUTING FOR MAY 29; REV. KELLY LEADS DISCUSSION

Members of the Lima Ministerial association have planned an outing to be held on Monday, May 29. This decision was acted upon at the fortnightly meeting Monday at the Y. M. C. A. Rev. D. N. Kelly, Walter D. Cole and Miss Ruth Seymour, Y. M. C. A. secretary, were named a committee to select the place for holding the outing.

Captain F. W. Wilkerson, field worker for the Salvation Army, outlined the campaign which is to be put on in Lima for the Salvation Army thru committees from Men's Bible classes, working in conjunction with other societies. Cooperation of the Ministerial association was asked.

Dr. Harley A. Billings, secretary of the Winona Lake conference, spoke in the interest of a practical training school for Christian workers, which is to be held during the summer at Winona Lake.

Rev. D. N. Kelly, pastor of Grace M. E. church, opened discussion of the subject, "What is the Status and Effect of the Mid-Week Service—Can it be Conducted as Formerly?" Other pastors joined in the discussion.

## BODY OF ROY KERR TO BE BROUGHT HERE FROM NEW MEXICO, FOR BURIAL

Roy Kerr, 26, automobile inspector at the plant of the Dodge Brothers' company, Detroit, died in Socorro, New Mexico, Sunday, from tuberculosis. He sought the southwestern climate for the benefit of his health.

With him at the time of his death was his mother, Mrs. Flora Kerr, 624 Madison-ave. The body will be accompanied to Lima Wednesday at 1:45 a. m. over the Pennsylvania and will be taken to the home of his parents. Funeral services will be held at the Grace M. E. church, at a time yet set.

Besides the parents, he is survived by five brothers, Don, George, Guy, Walter and Virgil, all residing in this city or vicinity.

## STRAIT FUNERAL

Funeral services for Robert Frederick Strait, son of Mr. and Mrs. L. P. Strait, 1008 E. North-st., were held Monday at 9 a. m. at the residence. The body was taken to Kenyon for interment. The child died Saturday night.

## EVERY FUNERAL WEDNESDAY

Funeral services for I. E. Avery, former Lima resident, who died in Lakewood Saturday, will be held Wednesday at 10 a. m. at the home of Dr. A. W. Kahle, 132 S. Collett-st. and will be private. Interment in Woodlawn.

## DRYS AROUSED BY BEER LEAGUE

New Movement Gathers Momentum Thruout Entire Nation

ELECTIONS TELL STORY

Anti-Saloon Counsel Answers and Accepts Challenge

WASHINGTON—(Special)—The national drive for beer and light wine, under the direction of the Association Against the Prohibition Amendment, is beginning to attract attention and to arouse the anxiety of the Anti-Saloon league.

The association is fighting for the nomination and election of representatives and senators committed to an amendment of the Volstead act redefining intoxicating beverages in such manner as to authorize the manufacture and sale of beer of 2.75 alcoholic content and of wine of a somewhat higher percentage.

According to the association, the movement to liberalize the prohibition law is gathering momentum thruout the country. It makes no claim of carrying congress for its cause in the November election, but it does predict the election of a sufficient number of liberal senators and representatives to signalize the turning of the tide against the extreme prohibitionists.

## PRIMARIES SHOW CLEAVAGE

The primaries held so far do not indicate any widespread reaction against the Volstead act, which defines intoxicating beverages as those containing one-half of one percent of alcohol or more.

A dry congressman was defeated by a former distiller in Peoria, Ill. A Democratic candidate for congress was nominated on a wet platform in Indianapolis, and in many other cities the voters gave evidence of a desire for the legalization of beer and light wine. In the rural communities, however, the bone dries appeared to be as strong as ever, if not stronger.

Wayne B. Wheeler, general counsel of the Anti-Saloon league, paid his respects today to the platform adopted at a convention of the opponents of prohibition in Maryland, which endorsed the objects of the association and declared for light wines and beer.

HE SUSPECTS ALL OPPONENTS

"This adopted platform clarifies the issue and reveals the intention of some to subvert the eighteenth amendment," said Mr. Wheeler.

"The Association Against the Prohibition Amendment specifically advocates the repeal of the national prohibition act enacted to enforce the eighteenth amendment. If they

should succeed there would be no federal law and no federal officers to enforce the eighteenth amendment. This is clearly a nullification by repealing the laws necessary to enforce.

We accept the challenge laid down at the Baltimore wet convention. The overwhelming majority will stand for law and order when they understand the merits of the question."

## SHAKE RESPONDS TO WHISTLING

Mail Carrier Has Thrilling Experience With Reptile

C. E. Strawbridge, 836 W. High-st., mail carrier, can testify to the hypnotic powers of music, after an experience with a blue racer reptile more than six feet in length on the Bress farm, Shawnee-tp., Sunday.

He was walking thru the woods meditating on the wonders of nature, when he almost stepped upon the snake, lying across his path.

Strawbridge did a very credible leap into the air—hardly believing his eyes. A moment's thought, however, assured him it was a real snake.

Then the racer made signs of attacking him. Knowing its habits, Strawbridge jumped at it and forced it to climb to the top of a bush, when it menaced him from above.

"They say music charms the savage beast," he said relating the encounter. So I tried it. I commenced to whistle, yelling for help between tunes."

At first, Strawbridge said, the snake continued its efforts to strike, but as the whistling went on it became pacified.

Dr. Ezekiel Hadsell and Clint Strawbridge, came upon the scene with clubs and killed the snake. It measured six feet and two inches in length and some three inches in diameter.

VICTIM OF COLLISION WITH CAR DISCHARGED FROM CITY HOSPITAL

Injuries received by Earl Valentine, 18, son of a Delphos minister, when he drove his motorcycle against a Ft. Wayne, Van Wert and Lima interurban car Saturday, did not prove serious and he was discharged from the City hospital Sunday.

Valentine asserts he did not see the approaching car and as a result his motorcycle crashed into it. The accident occurred at Jenkins crossing, near Delphos. Valentine's right hip was injured and he received minor bruises.

## STRUCK BY AUTO

Boy Injured as he Follows Motor Across Street

William Bryan, three and one-half year old son of Mr. and Mrs. F. E. Bryan, 16 Brice-av., suffered injuries when struck by an automobile in front of St. Rose Catholic church Sunday.

The child, with his mother, driven to St. Rose church to attend services.

William started to follow mother across the street. In haste to regain her side, he said did not notice the approach of Ford roadster.

He was brushed aside by the car and suffered injury to his left arm and left side of the body. He is covering at St. Rita's hospital, where it is said, he will be able to leave hospital within the course of a few weeks.

The driver of the car gave name as Lehman and stated that resides on S. McDonel-st. The injured child is the grandson of late Frank X. Sieber.

## MAKE IT ANNUAL EVENT

**SUCCESS** in such a wonderful measure attended the first kite flying fete arranged by the Kiwanis club, held at the fair grounds Saturday, that there is a general demand for making it an annual event.

Primarily, the contests were planned and staged for the pleasure of the youth of the city, but the interest exhibited and the enjoyment obtained by older persons made the event doubly desirable. Prospect of being among the winners of the valuable prizes offered spurred the boys of the city to the exertion of their best efforts in the building of kites, always with the idea in mind that they must be so constructed that they will take to the air and fulfill the mission intended for them.

A kite flying fete is a sort of a picnic day for youth, an occasion equal in pleasure to a country fair or circus day. Besides, it affords the opportunity for the boys to show their best ability along constructive lines. Altho the radio and other modern diversions detract somewhat from older summer boyhood institutions, it appears there is nothing that can altogether eliminate kite building and kite flying from the plan of youth.

Baseball has its place, excursions to fields and woods are desirable, swimming is always attractive and playing marbles takes its toll of the kiddies' time, but kite flying as a seasonal pastime goes on forever.

The Kiwanis club could do nothing bigger or better for the boys of the city than by making the kite flying contest an annual event.

## FUTURE MOVIES

**I**N 10 years the motion picture will rival grand opera as an artistic production.

This is the prophecy, not by the ghost of Bill Nye talking over the ouija board, but by Samuel L. Rothafel, celebrated designer and director of the Capitol Theater in New York.

If Rothafel is right, the movies have a long way to go and it will have to be at a fast clip.

The movies, however, come in for a lot of unjust criticism. Critics forget that the motion picture is a baby among the various kinds of theatrical entertainments.

It took thousands of years for the legitimate stage to develop modern scenic effects. Even in Shakespeare's day, scenery consisted of a bare stage with signs like "This is a forest" or "This is a street in Rome."

The movies are like everything else. Americans expect a new device to be perfected the day after it is invented.

**D**O you remember the movies, back before the days of John Bunny? Compared with the present, they were mechanical frights.

Movie photography has become an art. The badly-ventilated vacant storeroom in which movies were exhibited 10 years ago has developed into an art-palace.

The best of modern movie acting, too, is an art alongside the crude shadowland acting of a decade ago.

The only real fault in the movies that they tell the wrong stories—often stupid or asinine. Time will change that.

**ROTHAFEL** has a golden dream of future movies. He believes movie theaters will be shaped like an egg, the pictures made realistic by a fusion of colors, high-grade music, magic lighting effects, the characters "talking" their lines, with sounds and even odors reproduced to complete the hypnotic state of the audience.

Rothafel even predicts that movie theaters will be endowed by national, state and city governments, like the endowed theaters of ancient Greece.

In the background, however, is the possi-

## TWO'S COMPANY, THREE'S A CROWD

Liberty that 10 years from now movie theaters may be closed, with the finest movies broadcasted by wireless to the humblest homes.

In that case, you wonder, who would pay the actors? It would be the same process as the future of radio music. The finest of vocal and instrumental talent will undoubtedly be employed by the radio industry as a free inducement to further the sales of their instruments.

## VACATIONS

**PASSENGER** packets will be started again on the old Erie Canal, for people who want a lazy, slow-moving vacation.

When the Erie Canal was opened in 1825, its boats—hailed by plodding mules that walked along the bank—were considered fast. They cut to 10 days the trip between Buffalo and New York, formerly requiring six weeks by stagecoach.

A few days ago the Santa Maria, giant air cruiser, flew from Cuba to New York in 17 hours at 82 miles an hour. We move faster in modern times, but do we enjoy our trips as much? Sipping mint juleps on the Robert E. Lee was not so bad.

Common Sense Ways to Keep Well  
OLD-FASHIONED DOSING

(BY DR. R. H. BISHOP)

The old-fashioned mother who doses her child with bitter medicines for what she calls "worms" probably doesn't know that her patient can get real worms only by getting into the mouth and stomach parasites of earth or dirt, containing the tiny eggs of the thread-

worms. If no such opportunity has been given, the little one is being treated for the wrong complaint. In fact, few of the children whose mothers give them "worm" medicines have such a ailment. There are no symptoms of "worms." A coated tongue, white lines about the mouth, restlessness, heavy breath, picking at the nose, bright eyes, feverishness, nightmares and numerous other disturbances noted in children are not symptoms of worms. They are rather signs of acute intestinal indigestion, and a teaspoonful of soda in a little water will bring relief quicker than all the old-fashioned worm medicines.

The prevention of worms has nothing to do with the regular foods given the child. The only prevention of worms is cleanliness.

## Added Charms Whiter, More Sanitary Teeth

Millions now enjoy them

If all knew what millions know, all would brush teeth in this new way.

Everybody wants whiter, cleaner, safer teeth. Those who lack them envy those who have them.

The way is easy and delightful. It means just combating film. And this ten-day test will show you how to do that.

### That dingy film

Teeth are coated with a film—that viscous film you feel. It clings to teeth, enters crevices and stays. Stains cause it to discolor. Then it often forms dingy coats, including tartar.

Old ways of brushing do not effectively combat film. So much remains to night and day threaten serious damage.

Film clouds the teeth's luster.

It often becomes badly stained. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea. So most things that wreck teeth and make them unsightly are now traced to that film.

### A way to combat it

Dental science, after long research, has found two film combatants. Able authorities have proved their efficiency. Now leading dentists the world over urge their daily use.

A new-type tooth paste has been created, based on modern requirements. The name is Pepsodent. These two film combatants are embodied in it. Now

careful people of some forty races apply it every day. And the glistening teeth you see everywhere show one of the results.

### Other benefits

This new-day tooth paste brings two other much-desired results. It multiplies the starch digestant in the saliva. That is there to digest starch deposits on teeth. If left to ferment they form acids. It multiplies the alkalinity of the saliva. That is there to neutralize the acids which cause decay.

These are Nature's tooth-protecting agents. Every use of Pepsodent multiplies their power.

### Watch it act

Learn what it means to you and yours. Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using, how refreshing the mouth tastes. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

## "Here Come the Elephants!"

**D**O you remember how you used to be on the job bright and early to see the circus parade? Remember how you thrilled as the lions, tigers and the big, lumbering elephants passed in review? How the hooves, the blare of the bands, the antics of the clowns, and the glitter of it all inspired you with a fervid determination to see the real show—the big performance in the tent?

You didn't realize it then, but you were getting a lot out of an attractive advertisement.

Perhaps you don't realize it now, but other advertisements, just as attractive, just as interesting and far more valuable to you, parade daily before you in the columns of this paper.

The merchants and makers of everything you want or need, here display before you their most attractive wares. It is truly "the greatest show on earth."

The whole purpose of any advertisement is to excite your curiosity, gain your interest, arouse your desire; to tell you something you don't know; to remind you of something you have forgotten; to convince you of something over which you have been hesitating.

In short, the purpose of an advertisement is, in one way or another, to make you happier.

Read all advertisements and see if that isn't so?

low stairs, with my wife poor wretch, now prodigiously homesick. Worried whether Bud Fisher has washed her charabanc. And will he meet us.

Out on the Walk for a list hike. Lined with new arrivals whom I never did see. Gave my wife a look thru the window at a hit. Then called attention to a huge breaker. Use discretion, always use discretion and tact. Wrote a cheque to the Whites, Judge Senator and Brother Al. To the Pennys aboard.

An accomplishment for a Monday. Out of A. C. Yes it is an alternating current here on Mondays. Get that "miffy." Readed fifty minutes at Madame Grace's honest-to-goodness hometalks story. About the New England firm where all they could raise were umbrellas and hell. Why did she think this was a good wholesome book?

Into the Broad street station, where but seldom have I been. So redepped to the checking booth and paid Sam Rae thirty cents to hold my luggage and greet me. Over to the L'Atignon cafe, my wife, poor wretch, insisting on staying on the men's side, after I bungled and led her thereto. Yet the Afro-Pennsylvanian said we could eat in the kitchen just so we paid the chit.

But French doors gave us view the feminine smokestackers in their bearners. Old English tape signs welcoming one to differ. Booths. The King's Arms, 11. Brave Bull the Lighting Cook and that sort of ve olden tyme memories. Where they sold ale. And now sell cereal beverage. My wife not hungry, so I took the roast beef dinner. Before she finished her chit I'd taken mine. And she had nothing. And still hungry. And I laughed until she seemed peeved. Then coaxed back a smile. Apologized for my facetiousness. But I was jocular. And later on the train she asked if I had any candy. And I didn't.

So out and back to Broadstreet. Picked up (the redcap did) my long gage and gretecoat. Leading us to Section 5. Sure, the middle of the car, always unlucky on that. I well fed, slept badly and staccato-wise she hungry, slumbered like a thou sand brick.

Home again. And Bud at the station with the Forduletta all bathed and everything. Not like Brother Johns. Every part of his car makes a noise except the horn. And the first friend I saw was James J. Weadock, and waited him gaily, but he didn't get me. Frank Fockler did get me for a shampoo and my last son. And so to bed.

# DALEY-TOUHEY WEDDING EVENT OCCURS MONDAY

MISS BLANCHE CECILIA DALEY, daughter of Mrs. Mary Daley, of N. Main-st., and John J. Touhey, also of this city, were very quietly united in marriage Monday morning at 5:30 o'clock at St. Rose church, Monsignor A. E. Manning officiating. The wedding came as a surprise to the many friends of the bride and groom, as the event had been previously planned for Wednesday morning of this week.

The attractive bride was gowned in a canton crepe frock of turquoise blue. She wore a large black picture hat and her corsage was of bride's roses and valley lilies.

Mr. Touhey and his bride left immediately following the ceremony for Chicago for a week's stay. Upon their return to this city they will be at home in their apartment at Brice-av and Metcalf-st.

The bride is very well known in this city and was connected with the Lester Company for some time.

A promising event of Tuesday evening will be an illustrated stereoscopic lecture to be given by Mme. Jaime C. De Veyra, wife of the Senator Philippine resident commissioner at Washington, D. C., at the Market Street Presbyterian church under the auspices of the Woman's Missionary society. The address, which will begin at 7:30 o'clock will deal with the Philippine Islands. Concerning Mme. Veyra, Mrs. Frank Wilkes Pyle wrote in an article entitled, "An Ancient People and Their Problems" in the Ladies' Home Journal (the following): "To American women, whose ideas of Philippine have been founded on vivid description of Igorrotes and other wild tribes, Mrs. De Veyra's gentle manner and evident culture have been a revelation. She is sought by women's clubs because of her charming manner as an impromptu speaker on the subjects nearest her heart—the women of her country. After her talk was over, a New York woman voiced, no doubt, the sentiment of more than one woman present when she remarked: 'Why, I had no idea that Philippine women were refined, cultured or even educated.'"

Rev. J. T. O'Connell, Mr. and Mrs. E. Winchester and daughter, Miss Mary and Miss Sara Byrne, all of Cleveland, motored to this city and were the week end guests of Rev. O'Connell's parents, Mr. and Mrs. J. E. O'Connell, of N. Main-st.

Bans of marriage were read for the first time Sunday at St. John's church for Miss Helen Tobin, only daughter of Mr. and Mrs. Richard Tobin, of Greenlawn-av, and Gerald Madigan, son of Mr. and Mrs. J. A. Madigan, of N. Washington.

Mrs. Charles E. Roberts, of the Yacht-club, will entertain the members of the Physical Culture club at her home Wednesday afternoon.

Miss Charlotte Sheber, of W. Spring-st., returned home Sunday from Wilmington, where she was the guest of Mr. and Mrs. W. J. Galvin for a short stay.

Mr. and Mrs. Ray Evans, of Brice-av, and Mr. and Mrs. Paul Stratton and children, of W. Wayne-st., motored to Toledo Sunday, where they enjoyed the day.

The final meeting of the club year of the Research club will be in the form of a covered dish luncheon at 12 o'clock at the home of Mrs. C. S. Lathrop, of S. Pierce-st., Tuesday. A short business session at 11:30 a. m. will precede the luncheon.

Mrs. Raymond Snyder and Miss Alberta Devere, of Superior-st., have returned from Cleveland, where they spent a few days with Mrs. Irving Fields, formerly Miss Mary Allison, of this city. Mr. and Mrs. Fields are now connected with the Sherwood orchestra at the State Theatre in Cleveland. Mrs. Fields was formerly a member of the orchestra at the Lyric theatre in this city.

Mrs. H. B. Friedman and Mrs. Sig Lester, of the Hotel Norval, will be hostesses to the members of the Temple Bridge club at the hotel next Friday.

Mrs. Beecher Moke, president of the City Federation of Women's clubs, will attend the annual conference of the northwest district of the Ohio Federation of Women's clubs in Wauseon Thursday.

Mr. and Mrs. C. C. Osburn and Miss Helen Miller, all of Delaware and Mrs. Henrietta Hanson, of Magnetic Springs motored to this city and were the week-end guests of Mr. and Mrs. N. F. Hall, of W. Spring-st. Mrs. Hanson is remaining for a several weeks' stay with her daughter, Mrs. Hall.

## SUSIE SMART'S ADVICE

Dear Miss Smart: I am a young girl 18 years of age. I was invited to a party several doors ago and was privileged to ask any young man friend whom I cared to. I have had several engagements with a splendid young man, who is quite well known and liked. I invited him to go to the party as my guest. He declined, however, saying that it would be impossible for him to attend. I just let it drop at that. However, he has not called on me since then. Do you think he didn't like having me invite him?

It is very improbable that this slight matter is the reason for the young man not having communicated with you. You say that the party was only several days ago. Unless the young man is a particular friend and calls on you regularly, it certainly is not strange for you not to hear from him for only a period of a few days.

Do not give the matter another thought. It is very likely your friend has been busy and unable to take part in any social affairs. It was perfectly proper for you to invite him as your guest under the circumstances. Girls waste too much time worrying about things which they later find are only trifles.

Dear Miss Smart: I am 18 years of age and have no near relatives except in Central California. I am a book-keeper and stenographer and do not make enough to go to my relatives and they cannot send for me to come to them. I would like to go as a companion, private secretary or nurse girl with an old lady or a couple with one or two children. If any replies come to you please forward to my address.

The most satisfactory procedure in securing a position of this kind would be to insert an advertisement in the want ad column of The Lima News.

Kenneth Kerr, of Wilmington, spent the day in Lima Sunday with friends.

## RHUBARB DISHES

### Proper Ways To Prepare Them

There are many delicious ways to prepare rhubarb for the table. Use it often in the early spring, but try to vary the way of serving it to prevent monotony.

If you serve stewed rhubarb for breakfast do not serve a cereal. A rhubarb dessert is specially good after a fish dinner.

These seven rhubarb rules are simple and economical. Try 'em!

**STEWED RHUBARB**  
Wash and peel rhubarb. Cut in inch lengths. Put in a colander and pour boiling water thru it. Drain and put in stew pan with a very little water. Cook until tender when pierced with a silver fork.

Put one cup of granulated sugar for every two cups of stewed rhubarb in a bowl and pour the boiling rhubarb over the sugar. Stir with fork until sugar is dissolved. Serve cold for breakfast.

**BAKED RHUBARB PUDDING**  
Two cups stewed and sweetened rhubarb, 1 cup bread crumbs, 2 tablespoons butter, 1 egg.  
Add butter and well beaten egg to rhubarb. Mix well. Put a layer of bread crumbs in a well buttered baking dish. Add rhubarb. Cover with remaining crumbs, dot with bits of butter and bake 45 minutes in a moderate oven.

Cover the dish with buttered paper for the first 20 minutes of baking to prevent the top from becoming too brown.

**RHUBARB MARSHMALLOW PUDDING**

Two cups diced rhubarb, 1 cup chopped dates, 1 cup bread crumbs, 1 tablespoon butter, 1-2 cup sugar, marshmallows.  
Put rhubarb in colander and pour boiling water thru it. Drain and add dates. Put in stew pan with just enough water to prevent burning. Cook 10 minutes and remove from the fire. Add sugar, bread crumbs and butter.

If the rhubarb is too dry add enough water to absorb the crumbs. Turn into a buttered pudding dish. Cover with marshmallows cut in quarters. Bake in a slow oven until the marshmallows begin to melt. Then increase the heat and brown quickly. Serve warm.

**RHUBARB MERINGUE PIE**  
Two and one-half cups finely cut rhubarb, 2 eggs, 1 cup sugar, 1 teaspoon butter, 1 tablespoon flour, 3 tablespoons water, 1-8 teaspoon salt.  
Pour boiling water over rhubarb and let stand five minutes. Drain. Mix and sift flour and sugar and stir into rhubarb. Beat yolks of eggs till thick and lemon colored with water. Beat in salt. Add butter.

## OUR FIRST YEAR

BY A BRIDE

### PLANTING AN ACORN

"Haven't I another shirt?" Jack called from the small dressing room of the in-a-door bed.

"Yes, dear!" I answered absently.

It was a morning when Jack had "a prospect" at our end of town, therefore he could afford to be a little late in leaving home.

"Where is my other shirt?"

"In the third drawer, dearest!" I answered briefly because I was meditating about what to do with one of the letters the janitor had slipped under the door of the living-room.

It was from dear old Mr. Tearle, I knew from the writing. It must be about our scheme to let Bonny elope, if she wanted to, but to get her to elope with the man of her father's choice.

And what, or how much of that secret had I a right to tell Jack? If Bart eventually were to marry Bonny, would it be nice for any man to know that Bart had been framed? For what is match-making, if not that?

"There isn't any shirt in that drawer, Peggins!" came my husband's patient voice.

"Oh, yes! There must be! Try again!"

I came out of my meditation, suddenly appalled at the knowledge that if Jack had no clean shirt to put on it was all my fault!

I had not been at home when the laundry man rang. I hadn't been at home for two weeks in succession, or was it three? It was—it was! No wonder Jack was short of shirts and collars!

He must have noticed his

dwindling stock and said to himself that he would get along somehow. I had managed very badly, and had not complained.

And now he was reduced to last shirt! And the huge-bum soiled linen had not even been out of the house!

Many a bride has committed identical crime, none perhaps paid for it with more remorse. I, dear old misused hubby, knew. But Jack was husband to hurl his mother's blame at his wife.

I wanted to explain about laundry, to tell Jack how sorry I felt when this unfortunate speech floated from the dressing room.

"This settles it! I'll be late for my appointment!" I knew perfectly well that was kidding me, teasing a little of making me laugh when I felt crying, but the situation didn't seem to me as one bit funny.

Trifling speech was the last of a mere risp, but big enough to me decide what to do with Tearle's letter.

I thrust it inside my blouse, hurried to my husband, saying: "Oh, Jack! Please keep Until I find your shirt!"

I found it, not where I had it was, but where I had put it, in my work-basket! I had pains to put it there so I'd remember to turn the cuffs which fringed where they fold.

## Here's Good Advice: Relieve Your Fatigue With Sleep. Avoid Stimulants

THERE is nothing in the world so reconstructive as sound, refreshing sleep. During sleep the system rids itself of the fatigue poisons that have accumulated during the day. The food elements are taken up by the various tissues that require rebuilding nutriment.

It is important that you get plenty of health-bringing sleep. Anything that interferes with your sleep hampers and hinders you—mentally and physically.

A common cause of physical weakness and mental depression is the reaction following over-stimulation by the drug, caffeine, and

other elements found in both coffee and tea.

If you have an idea that coffee or tea drinking may be injurious to your health, why not stop it for a week or so, and drink delicious, fragrant Postum instead.

Postum is a rich, golden-brown, pure cereal beverage. It contains no harmful elements of any kind. You can drink Postum as many times a day as you or the children desire a grateful, refreshing beverage.

Your grocer sells both forms of Postum: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for fully 20 minutes.

Made by Postum Cereal Co., Inc., Battle Creek, Mich.

# VAMPIRES PLAN COME-BACK ON SILVER SCREEN

(BY ESTHER WAGNER)  
It is time for the style of movie drama to move into a new cycle, the sheik craze having run its course. Changes in fashions of photodramas are usually coincident with changes of clothing styles. The sheik picture is now consigned to the discard along with the low-heeled, fuzzy-haired flapper.  
And when styles change there are always several modes that bid for favor. The 1923 film fashion catalog calls for melodrama, sweet romances—and vampire plays.  
The melodramas are too numerous to mention. Mary Pickford's new version of "Tess of the Storm Country" is typical of the new romances. Another revival marks the return of the vamp film. It is "A Fool There Was," starring Estelle Taylor. French and Italian producers are also turning their attention to the vamp picture.  
And Theda Bara, the most famous vamp of them all, is coming back to

the movies, but she will not appear as a vamp.  
PARAMOUNT announces 41 pictures for fall and winter release. Attention has been called to many of them in these columns before.  
Tom Meighan will be starred in another Georges Ade story, "Back Home and Broke." Betty Compson and Bert Lytell will be co-starred in "Kick In."  
Wallace Reid is to do "Thirsty Days." Rudolph Valentino will be starred in "The Spanish Cavalier" and "The Young Rajah."  
Alice Brady is scheduled for "Missing Millions" and "Anna Asen." Dorothy Dalton and Jack Holt will be co-starred in "On the High Seas."  
Vicente Blasco Ibañez's "Enemies of Women" will be filmed. Theodore Roberts will be supported in "The Old Homestead" by T. Roy Barnes. George Fawcett and Cleo Ridgeway.

## Richard's "David" is a Great Impersonation

THE first starring venture of Richard Barthelmess is a wonderful, an exquisite masterpiece.  
Joseph Hergesholmer's story "Tol'able David," was an ideal selection for Dick's initial appearance as a star. It is a story of crisp and refreshing. It is sincere and stimulating, with a splendid display of character drawing by every member of the cast. Your feeling at the end of the picture is one of absolute satisfaction. You have witnessed a work exceptionally well done.  
You may have read the story of the Kinemont family of mountaineers. There's the elder Kinemont, who has lived for years on the land of John Hall, the country's richest man. The oldest Kinemont boy, with his wife, lives there also, transporting passengers and the governmental mail from Greenstream to a point twenty miles distant. Then there is David.  
David is the "baby." A slim boy, seething with ambition to be a man. The elder Kinemonts, however, do not believe in too much praise

for the youngsters.  
"You're 'tol'able David. Just 'tol'able," they tell him, and the girl he loves chimes in with them.  
It is not until the last of the film that he proves his right to be called a man by putting up one of the greatest fights ever screened.  
Tragedy and pathos stalk thru the film hand in hand. There is little of humor, but a charming whimsy and tenderness, with Richard portraying the part of the awkward mountain youth with exquisite beauty. Surely he is one of the screen's most accomplished actors, and in this picture he reaches new tragic heights. If you can watch his scenes with his mother—a most worthy actress—without feeling a lump in your throat, there's something wrong with you.  
Because I know you DO appreciate the finer things on the screen, I want you to see "Tol'able David," and see if you don't pronounce it a masterpiece, a classic.  
The Sigma features "Tol'able David" again today and only until Thursday.

Estelle Taylor's idea of a vampire. She plays Theda Bara's old role in "A Fool There Was."

The European idea of the vampire type as portrayed by Mlle. Hocobert in Italian movies.

swears never to live with him again until he has promised never to drink again.  
The gentleman loves his wife. He is sorry, and apologizes. BUT, he will not be bullied. He let's her go. (And you're glad.)  
There's a reconciliation, of course, effected by the lady's sister and her kind husband, who hate to let a good thing go.  
Miss Ayres is pretty, and she knows the kind of clothes to get and how to wear 'em. Somehow, she

never enlists your sympathy as she should, and in places where you should be righteously indignant with the truant husband and longing to sympathize with the poor (?) wife, you register a rather cold feeling. Jack Holt, as the husband, is splendid, with Walter Hiers and Leigh Wyant quite effective in their roles. Good direction, expensive settings and splendid photography have been lavished upon the production, which is playing a four day engagement at the new Quilna theatre.

## Faurot Presents A New Bill of Vaudeville

THE three Keith acts of vaudeville and a brand new feature film "The Barricade," as appearing at the Faurot theatre, seem to contain much that is interesting and unique. The policy, as inaugurated under the direction of W. D. Clark, manager, has obtained the support of fastidious theatre-goers during its initial week, and bids fair to continue a successful run thru the summer.  
The present program will be reviewed at length in Tuesday's issue.

## HAD TO LIVE ON TOAST AND MILK MOST OF THE TIME

Mrs. Nettie Phillips Says She Believes Tanlac Saved Her Life When It Rid Her Of Stomach Trouble.

"I am the happiest woman in town since my recovery. I believe Tanlac saved my life," said Mrs. Nettie Phillips, of Mogadore, near Akron, Ohio.  
"My stomach was so badly disordered for some years I had to live on toast and milk most of the time, because solid food caused me perfect agony. I had dizzy spells when black spots swam before my eyes and I dreaded to go to bed for I could not sleep. I was taking medicine all the time but kept getting worse.  
"A few bottles of Tanlac have made me so I can eat anything without indigestion. I have a healthy color, sleep well, am free from the dizzy spells, and have gained several pounds. It is no more than right for me to recommend Tanlac."  
Tanlac is sold by all good druggists.—Adv.

Cleveland used three pitchers in a vain effort to stop the Senators who won 4 to 3.

Mogridge held the Indians safe all the way.

Miss Rosemond Sherwood, the only American contestant, was eliminated from the ladies' open golf tournament in the championship round today when Mrs. Fletcher of Wembley defeated her three up and two to go.

JESS HAS NOT  
DECIDED

LOS ANGELES — Whether Jess Willard, former world's heavyweight pugilistic champion, will enter the boxing game is still a matter of conjecture even with himself, according to a statement from the ex-champion, published here today.

Ter Rickard, promoter, has been dickering with him for the past year in an effort to get him to enter the ring. Willard said, but he did not state whether the promoter had suggested Jack Dempsey as a possible opponent.

I have not seriously considered going back in the pugilistic business," Willard declared. "At present I am kept pretty busy attending to my personal affairs and I have not had time to give the boxing game much thought."

A GOOD SHAPE

The big Kansas rancher appeared to be in good physical condition. He has been in Los Angeles about ten days during which he has secluded himself from the press and public generally.

Some reports around the neighborhood where he has leased a house are to the effect that he has been training secretly. However, these could not be verified. Willard is expected to leave for his ranch near Lawrence, Kansas, within two weeks to look after his interests there and in other parts of Kansas. Then he intends to return to Los Angeles to make his home. His wife and children probably will remain here while he makes the trip to Kansas.

SMITH IN AKRON TO  
ARRANGE BOUT

Earl Smith's departure for Akron today is fraught with possibilities of the much-discussed Willie Ames-Jack Gross fight. Smith may arrive at an agreement with Phil Hinton, the biggest promoter in the Rubber City, who is fighting tooth and toenail for the bout.

If he gets it it will mean a whole lot in a money way. The situation, lines up like this. Gross knocked out Willie Devore, Akron boy, and made a decision over Ames, so if he wants the battle so badly it will mean forking over the dough.

Managers of Akron newspapers are at it for matching since Ames' unintentional fouled Gross in the second round April 6.

DOWNNEY, O'DOWD MEET IN TITULAR BOUT

Columbus Is Scene Of  
Middleweight Scrap

COLUMBUS. — Bryan Downey, Columbus, and Mike O'Dowd, St. Paul, meet here tonight in a 12-round bout billed as being for the middleweight championship of the world.

Downey claims the title as the result of a bout with Johnny Wilson in Cleveland last July, when the Ohio Boxing Commission overruled the referee's decision and proclaimed the Columbus boxer as champion.

O'Dowd, former middleweight champion, lost to Wilson after it was charged the Boston Italian had fouled him repeatedly. O'Dowd started a comeback after his defeat by Wilson.

MUCH INTEREST

Interest of fight circles is centered on the fight, the consensus of opinion being that it will decide the much-debated question of the middleweight championship.

Many critiques have refused to recognize Downey's right to the title and Wilson has been referred to as the champion as much as the Cleveland. Downey is a slight favorite to win the fight. He seems to be in better condition than the St. Paul middle.

A record crowd is expected at the scrap. Seating facilities will not be adequate, it is believed. Sixty thousand are said to have applied for tickets.

Lima Wins  
Game

WHEN the cat's away the mice will play.

That just about sizes up the situation of Sunday afternoon's baseball program at Murphy's, when the touted Ohio Londoners were torn down by the Lima Independents, 10 to 5.

Salvage eccentricities of the shoots served up by Koonitz, big righthander, were sadly lacking in the second inning, so while his famed spitter was away Lima shoved a half dozen runs across—enough to trot away with the game.

It was a good ball game outside the second. Koonitz pitched well the remainder of the distance, and so did Mata for Lima. The visiting twirler allowed but two hits during the remainder but his wildness and his teammates' errors were responsible for a score in the fourth and a trio in the fifth. He held the locals to six hits. Main allowed eight.

Main was given another big boost in the estimation of the fans. He had the visitors scattering little drives around the infield and popping into the air. Mixing a tantalizing slow ball with a fast ball, shoulder high, and a zipping curve, his slants set London down in order in three of the frames. The outfield had only two putouts while McMullen at first base had 19. The infield had 19 assists, seven by Main.

Koonitz began digging his own grave in the second when he passed O'Connell. Reynolds laid one down and the entire London infield fielded the ball, but forgot there was a first sack. Grinsley heaved the pellet where nobody wasn't and Danny went to third. May waited 'em out and forced in O'Connell. Then George Pohlable was crooked with a most one. Main picked one to his liking and shot it past short, scoring Reynolds and May. Nichols duplicated the feat, Pohlable and Main counting. Bresnahan was out, short to first and Nichols scored while McMullen was being put out, second to first. Shaffer, whose animal Koonitz had throut the pastime, was the third out, third to first.

Koonitz scored London's first in the third with a bingle to right with Frisch on. The visitors nicked Main for a hit apiece in the fourth and sixth and counted. Their final pair came in the eighth when Miller hit to left, Grinsley tripped to center and scored on the throw-in on Morgan's high fly to center.

London loaded the paths in the ninth, but Miller hit into a double play, Bresnahan to McMullen.

The local club has proved itself a dangerous enemy for any semipro club. Even the "Pis and Hodge did leave the team. It didn't weaken it. George Pohlable at short is playing bang-up ball and is hitting the apple. He chalked up a double yesterday and scored two runs. His fielding was perfect. Danny O'Connell scored twice. Should he find his batting eye he will be a valuable all-around man on the team. May caught a great game. Few Londoners essayed to test out his arm.

The Independents have won three and lost two games.

For some reason—probably fishing—the crowd was one of the slimmest ever seen at Murphy's park.

INDIAN RALLY  
WAS SHORT

WASHINGTON—A rally in the eighth and ninth innings fell short for Cleveland here Sunday and Speaker's Indians were defeated by the Senators 4-3. It was the third game of the series. Tris used three pitchers in an effort to cop the bill.

Edwards and Keefe, newcomers, were yanked in rapid succession and Allen Sotheron held Washington safe from the fifth.

IN FIRST DIVISION

NEW YORK—Ty Cobb's rampage Detroit Tigers have had enough of trailing the American league procession. They are in the first division today for the first time this season as a result of taking their second straight game from the Yankees, 8-2. The "Georgia Peach" added his great rookie, Pilette, by slamming out a double and triple off Mays.

To Form Golf Body

CHICAGO—With the restoration of the stymie by the Western Golf association, announced Sunday by President Albert R. Gates of Chicago and cessation of all confusion in America over the rules of golf which now accord with the tenets of the Royal and Ancient Golf club of St. Andrews, plans are under way for the formation of an international committee to regulate the game along modern lines.

Rowlands Downed

Buckland took the measure of the Rowlands baseball club of Lima, Sunday, by an 8-3 score. "Socks" Kohler, St. Marys twirler pitching for Buckland, held the locals safe and had a considerable edge on Shade. Lynch retrieved for Buckland; Yoke for Rowlands.

Practice for the Rowlands has been called for Tuesday and Thursday evenings.

KEN IS JUST EMERGING FROM SHADOW OF BAMBINO RUTH

By KEN WILLIAMS

ONE man can be so big in baseball, do such remarkable things that he can completely overshadow the feats of other players.

That is what the American League batters have been up against for three or four years in the person of Babe Ruth.

With Ruth the hitting of home runs was such an easy task that he took away some of the premium that fandom has always placed on swat for the circuit.

Last season I hit .347 in the American League. I made 31 two-base hits, seven three-base hits and 24 home runs. Ordinarily that would be considered a mighty good season at the bat.

Ruth, however, with 44 two-baggers, 16 three-baggers and 59 home runs, had all the rest of us stopped cold.

Once upon a time not so many years back the making of 24 home runs in the American League would have made a player a nationally discussed figure.

Yet last season my home-run record meant nothing to the fans. Only a few really knew I made 24.

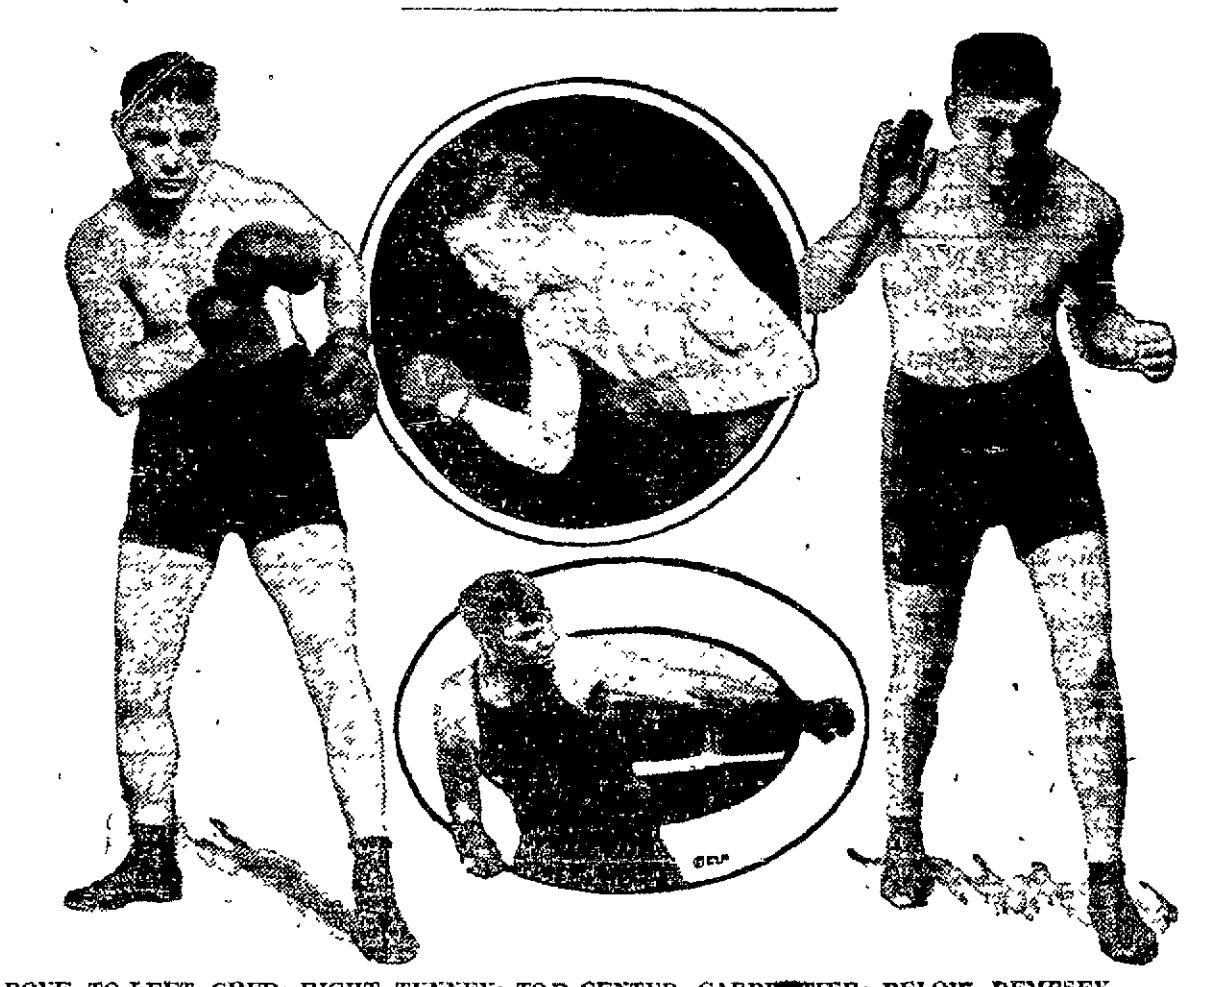

Ruth was the dominating figure of the American League. When players are keenly interested in the doings of some star it gives you some idea of his importance.

Ball players as a rule look on any great feat as all in the day's work.

For the last two years, however, every big league player would on turning to the sport sheet look at the New York score the very first thing to see if Ruth had hit any homers.

That is one reason why my showing has created such a stir in the early weeks of the season. I am sure a lot of people wondered how I ever started making home runs. Few of the fans knew I was the runnerup in 1921, simply because Ruth had so far eclipsed the rest of us we were in the also ran class.

CARPENTIER'S NEXT FOE--HARRY GREB OR GENE TUNNEY

ABOVE, TO LEFT, GREB; RIGHT, TUNNEY; TOP CENTER, CARPENTIER; BELOW, DEMPSEY.

"KID" LEWIS having been disposed of with small ceremony, as a result of his London meeting with Georges Carpentier on the night of May 11, it now remains to be seen whom Georges' next opponent will be—Gene Tunney or Harry Greb.

Tunney and Greb are to have it out at Madison Square Garden on May 23. The Frenchman has already announced he will be glad to fight the victor in defense of his title as light heavyweight champion of the world.

Of course, according to all the dope, Georges ought to have beaten Lewis, but perhaps not quite as quickly as he did. Nevertheless, as good a judge as Dempsey himself says the Frenchman was in much better form for his latest fight than at the time he met the world's champion.

The encounter between Tunney and Greb promises to be exceptionally good. The meeting between the winner and Carpentier, by all signs, will be still better. After that there's the prospect of a match between one of the three—Carpentier, Tunney or Greb—and Jack Dempsey.

Lima Collegian Runs  
In Conference Meet

DELAWARE. — Raymond S. Kahle, former Lima High school distance star, will represent Ohio Wesleyan in the southern section Ohio conference track and field meet at Cincinnati Saturday. Kahle will run both the mile and two mile races and is hoped to make his way into the big final conference meet at Columbus the following week.

Kahle took first in both the mile and two mile in a dual meet with Denison at Granville last Saturday. He stepped the mile in 4:39 and then took the two mile in 19:41 3-5.

Easterners Find Tough Sledding  
In Western Encounters

BY HENRY L. FARRELL

NEW YORK—Eastern teams pulled up with the expected puff of short wind after making the first western grade.

The New York Yankees in winning five out of seven games made the best showing in their first skirmish with the strong western teams. The Brooklyn Robins who didn't win a game all week, made the poorest showing.

The champion Giants did well in breaking even against the Cardinals and the Cubs, two teams that ordinarily give them the most trouble. The Cards won four out of six games. After hitting a fast pace from the start, the Cubs slumped and dropped five out of six games. The Boston Braves came out of their trance and split even while the Phils led the eastern clubs in taking four out of six battles.

CORB'S CREW COMING

Ty Cobb, no doubt would like to stay in the east all season if they would be as nice to him. The Tigers won five out of seven games and broke right into the first division. Cleveland had tough going, winning only three out of seven and the Washington Senators continued going in their listless way and dropped five out of seven. With a lead of four full games the Giants are in a better position than the Yanks. Miller Huggins is only one full game ahead of the Browns and the American League champions have yet to tussle with the Browns and Indians.

GIANTS CHECKED

The terrific batting of the Giants was sloped up when they went against the good pitching of the west. Their million dollar defense failed to function also.

REDS' STREAK  
SMASHED

CINCINNATI — Andy High's homer enabled Brooklyn to win from the Reds 6-5 and break its losing streak of six games. Simultaneously, it broke a winning streak of three games by Pat Moran's crew.

The Reds touched up Walter Ruether and Al Mamaux for 14 blows, while the Robins were getting only six off Adolfo Luque, the difference in scoring qualities of the bingles of lying in the fact that three of Brooklyn's were for extra bases and were aided by errors or walks. The Red hits came mostly after two were out. The score:

## SHORT SHAVINGS

Raymond P. Day, 431 E. Franklin-st., returned from a picture show and said it was the most exciting show he had ever attended. "The picture wasn't much," he said. "But a woman added greatly to the excitement by swallowing a cough drop at the climax."

Herman Loescher, 1140 E. Market-st., has a friend who decided to economize. He got out his last year's straw hat and cleaned it with gasoline. "But he made one mistake," says Loescher. "He put the hat over the kitchen stove to dry and the hat went 'poof'."

John Harrison, radio expert, knows a radio amateur who wired a telephone from the cellar to his radio set. Then he invited friends in to hear "President Harding make a speech by radio from Washington." "Everything went fine," says Harrison, "until the man he had in the cellar reading the speech into the telephone was seized with a fit of coughing, and came rushing up for a drink of water."

Miss Ruth Seymour, general secretary of the Y. W. C. A. reports the exciting experiences of a girl friend. The friend boarded a crowded street car. For support, she took hold of a handle of a white-wash brush and another passenger was holding, thinking she had hold of a regular support at the end of the car. The car went around a curve. The brush failed to hold and she landed in the lap of a passenger across the aisle.

## FUNERAL OF PUTNAM-CO MAN AT COLUMBUS GROVE

COLUMBUS GROVE — Funeral services were held here at the United Brethren church for George Arnold, 79, who died at his home north of town, from heart trouble and complications. For many years he resided in town, removing here from the nearby country some years ago. Later, when his health failed, he removed to the farm. Besides the widow, he is survived by a large number of children.

ROY ACCIDENTALLY SHOT. VAN WERT—Charles Hey, 15, residing at Greenbriar, was seriously wounded while hunting crows. A gun, placed across a log, was accidentally discharged. The bullet entered his abdomen.

## PROPER CARE ESSENTIAL FOR GOOD RADIO SET

By R. L. DUNCAN

Director, Radio Institute of America  
Most radio fans are so intent on listening in, that they often forget to take the proper care of their sets. Here are some pointers that may keep your expenses low and your receptive power high.

**FILAMENT CURRENT**  
In most tubes the filament current is supplied by a six-volt storage battery. To use this complete voltage would cut down the life of the tube. So a rheostat is used for the regulation of the current.

There is also a switch of some kind. Instead of regulating the current by the rheostat, some amateurs set it and then simply throw the switch.

This is wrong. Never throw the load on the filament suddenly. Feed it in slowly by a gradual advance in the rheostat.

One cannot accurately tell just how much voltage should be applied to the filament, for that depends on the condition of the tube. Generally speaking the current flow should be between four and five volts.

**"B" BATTERY**  
The "B" battery is always left connected to the plate of the tube. But it should be variable in steps. Some detector tubes require 22 1/2 volts, while others perform most efficiently on 17 or 18 volts.

When used for amplifying tubes also, the "B" battery should be variable from 40 to 60 volts. Never use any more voltage on either plate or filament than is absolutely necessary, for the tube may become paralyzed.

With the proper care, the tube should last many months.

**GRID LEAK—CONDENSER**  
Some amateurs use neither grid leak nor grid condenser. But these parts are so inexpensive and helpful in increasing the efficiency of the set that every vacuum tube set owner should use them.

They can be made easily as described in these columns before. Be sure that the leak and condenser used are of the proper value for your receiver.

**LOOSE CONNECTIONS**  
Poor soldering and loose connections cause the greatest inefficiency. Every radio fan should go over all connections regularly—starting from the aerial and working down to the ground.

If you are using a pipe for a ground, be sure that it is the cold water pipe. The other pipes may not have an immediate ground connection.

**AMPLIFYING TRANSFORMERS**  
In constructing or purchasing an amplifying set see that the amplifying transformers are at right angles to the ground.

It is best to have the complete inside of the receiver shielded with thin copper, which should be grounded to your regular ground. This does away with all body capacity.

Have you ever noticed that incoming signals received at a maximum value are often decreased in power when the receiver takes his hand away from the dial or tuning knobs? This is the effect of body capacity on a set which is not shielded.

In making this shield be sure that it does not touch any of the tuning elements or connecting wires in the receiver.

## ON TRAIL OF OLD MAN EFFICIENCY

Uncle Sam's radio experts are hot on the trail of old man "Efficiency." Here's one of the investigators whose experiments are expected to result in a saving of \$30,000 a year at the Annapolis high power navy station alone. He's on the grounds of the U. S. navy radio research laboratory, conducting low electrical resistance tests which will mean great efficiency in the antenna system.

## STATE AUTO CONVENTION OPENS AT COLUMBUS

COLUMBUS. — The Ohio State Automobile Association opened a two day convention here today. Between 400 and 500 delegates are expected.

Among today's speakers will be State Highway Director Herrick, Harry Meynell, New York; Lieutenant Governor Clarence J. Brown, Senator J. P. Atwood, and M. D. Lincoln, executive secretary of the Ohio Farm Bureau Federation.
